

PROJECT PROFILE

JABORO CONSTRUCTION

Company/Project Background

Since 2001, Jaboro Construction has helped clients build living spaces that are unique, personal, and custom. Their design process puts you in control, and they work closely with your budget to maximize every dollar. If you can dream it, they can build it.

Products Used

Cabinets - Fabuwood

Result/Solution

In order to complete this custom job, Jaboro Construction installed Fabuwood cabinets in the Galaxy door style in Frost.

Helping to create a modern look, the white cabinets accent the beautiful countertops and flooring. To create a dramatic effect, black cabinet hardware was chosen.
